Day TWO Memphis & Sakkara.

After a beautiful breakfast at Mena house we start the day by proceeding to the incredible **City of Memphis**.
Feel the undeniable power as you see Egypt through the eyes of the ancients.

This place was the Capital of the Great Kingdom, and there are some remarkable monuments dedicated to the God Ptah - the god of the beginning and his holy family.

The Remains include the beautiful Statue of Ramsis II & the New Kingdom Sphinx which is the second largest sphinx of Egypt.
Lunch will be at a local restaurant to experience the exotic spices of authentic Egyptian cuisine.

We will then proceed to **Sakkara Pyramid**, the oldest recorded all-stone complex, an ancient innovation that would go on to inspire Egypt and the world's architectural development.

Scattered around the Step Pyramid are a handful of other pyramids in various states of disarray, highlighting the importance of this necropolis between Egypt's Third and Sixth Dynasties.

Sakkara is the official necropolis of the old kingdom the area dates back thousands of years and was designed to preserve bodies and keep their possessions in the hope of resurrection day.
The most famous landmark in Sakkara is the Funeral Complex of King Djoser, designed & built by his intelligent architect "Imhotep", who tried to remind the king of everything he did in his life, his coronation day, his realm and provinces, and above all, the first Pyramid ever built in Egypt, the Step Pyramid of Sakkara.

Then back to hotel for a swim before dinner.
At dinner we will share the highlights of our day before an **EARLY** night!! Tomorrow will be a **BIG** day!

Day THREE

Giza Pyramids – Private Ceremony at the Sphinx

At sunrise we have our **PRIVATE ACTIVATION** visit to the mystic oracle the **Sphinx**. At this mystical vortex, there will be an incredible transmission of remembrance, divination and connection through the gateways to the other realms.

Nestled between the paws of the Sphinx this mysterious stargate holds great mystery.

After breakfast at Mena house, we will visit the external complex of the last remaining wonders of the Ancient World.

The Great Pyramids and the Sphinx.

Before the heat of the day & the flood of tourists, we will walk around the complex at Khufu the largest and considered the greatest of the pyramids.

Its construction & use remains a mystery, although I do have my suspicions ... STARGATE much!!!

The historians will offer their 'point of view' about construction, but I would humbly offer to expand your mind from this old 'story'.

From here we explore the Pyramid of Khafre which is smaller than the Great Pyramid and then Menkaure which is the smallest of the trio.

Today we will NOT enter the great pyramid, we are saving that till last with a private ceremony just for us!

Lunch will be at a **very special** restaurant then back to our beautiful hotel to rest & reset.

In the afternoon we will gather for an integration and embodiment circle in one of the resort meeting rooms.

As the sun gracefully illuminates the colossal statues guarding the entrance, a spiritual resonance permeates the air, inviting pilgrims to witness a transcendent connection between humanity and the eternal realm.

Day EIGHT Philae Isis Temple

TODAY we rise early for our much anticipated sunrise private visit to the isle of Philae, the **Temple of the Goddess Isis**.

I have been in service to the Goddess Isis most probably before I even knew who she is. There has always been this curiosity, this pull towards her story.

Although not in its original location this temple holds DEEP magicks in its very stones and the **inscriptions and spells** written upon the walls contain ancient otherworldly magick.

Goddess Isis is in fact the mother of magick and in this meditation & sound ceremony we will open to her transmission and oracle guidance.

Be prepared to be open, in a space of allowing without expectation or judgement for she will impart to you just what you need from her holy guidance.

You will also have time for yourself here and I encourage you to really be present in this incredible space.

So, why choose us?

'Travel is more than seeing the sites,
it's the unique change that happens when you realise there is
so much more to living'

Since 2014 Wyld Tribe Travels have been offering unique, soulful and boutique
spiritual pilgrimages to Sacred Sites and places of power across
this great Mumma Earth.

Born out of Trace's deep desire to experience, remember and reawaken, she discovered
that regular 'tours' were not the experience that what she was looking for.
Big groups, rushed visits, unaligned energies, no ceremony or reverence
and many, many 'extras' from the initial price!

'Our travel offerings are of a spiritual nature,
where we really step into the place and feel along the time lines to the
magick, people and sacredness imbued in the land.

We become INSPIRED'.

As such, we offer as much as we can into the price exchange,
we source beautiful accommodation like
Castles in Scotland | converted barns in England | 5★cruises upon the Nile.

Country dependant we always look for smaller, family run properties.
We prefer small intimate groups so that you can be held, seen and really become
comfortable with your travel companions on such a once in a lifetime experience.

This Soul-Journey is NOT for everyone.
There are ceremonies, meditations, energy transmissions, light codes,
activations and initiations.

So if that doesn't sound like you, then this might not be the right trip !!

BUT if that makes your soul sing, then hop aboard beloved
there is magick to be experienced in ANCIENT EGYPT ...

Wyld Blessings, Trace xXx
